Dear Parent:

Thanks a lot for sending your child to Abra-Kid-Abra Class! We are looking forward to teaching and helping them build their presentation skills and confidence. We wanted to mention a few things to help your child get the most out of their experience.

Show—Please mark your calendar for the family show that your child and classmates will perform. This will be held the last day of class, the last 30 minutes of class, so that the class can end at the normal time. The whole family is invited! It will be held in the same room as class.

Practicing—For magic and comedy classes, we encourage you to ask your child after each class to show you what they learned. We teach them not to reveal their secrets in the magic classes, and not to repeat a trick for the same audience, so please respect this. Your assistance in encouraging them to practice is appreciated, as it helps them develop their confidence and presentation skills. If your child needs help with a magic trick, we have posted notes and videos at the url at the bottom of this page. The first part of the url is printed below. The last part your child should fill in day #1. If you need help with this, please contact us: 314-961-6912 or info@abrakid.com

Additional Training—If your child wants to learn more, we offer classes, summer camps, & winter break camps in magic, circus, comedy, and puppets. We often change the material, so repeat students learn new skills. We also do workshops at birthday parties and scout meetings. To receive periodic notices on new upcoming programs, sign up for our mailing list at www.abrakid.com.

If you have any questions or comments, or if there is anything we can do to make your child's experience better, please call or email me at (314) 608-6547 or jlefton@abrakid.com. Thanks again for the opportunity to work with your child!

Magically yours,

Jeff Lefton
