

# Would You Like to:

**Boost Test Scores?**

**Build Character?**

**Improve Family Bonds?**

**Raise Funds?**

**Enhance Self Esteem?**

**Abra-Kid-Abra would love to help!**

Here are our programs and the goals they assist you with:

Tool	Boost Scores	Build Character	Strengthen Family Ties	Raise Funds	Author Visit	New Tools for Teacher	Enhance Self Esteem
Assembly	X	X			X		X
After School Class	X	X	X				X
Family Night Program		X	X	X			X
Early Release	X						X
In Service Workshop	X					X	X
Curriculum Nights	X	X	X				X
Birthday Program				X			

“The kids loved the Red Ribbon Week program. Your drug message was genuine. It was awesome!”

Donna Mueller, Principal  
Valmeyer Elementary

## Assemblies

Our programs convey content, using magic, circus, comedy, and/or puppetry to engage attention and illustrate key points in a memorable fashion. Each program includes a study guide to extend the learning into the classroom, and posters to build pre-assembly excitement! Choose from 3 types of programs.

**Author visits** use our new book, Buford Bunny—The Pink Lemonade Mystery, to teach the creative writing process.

**Three character programs**, Magical Pillars of Character, Heroes Not Bullies, and The Red Ribbon Show, teach, respectively, good character traits, dealing with bullies, and living drug and alcohol free.

**Four educational programs** include three reading shows and one math show: Create Your Own Wild Adventure (teaches the creative writing process), The Reading Circus, The Pirates of Reading Island, and Mathemagic. Exciting students about math and reading creates a climate for improved test scores.

"We are most grateful that you provided an after school class for our children at Good Shepherd. The students were excited about the tricks, and parents were delighted at their final performance. We highly recommend the class and look forward to it next year."

Mrs. Keleher, Principal

## Family Night Shows.

What provides a quality evening of family entertainment, makes the kids the stars, and can raise thousands of dollars for your school? Abra-Kid-Abra's Viva Variety Show! The kids love starring in the show. The parents beam at their kids on stage. And your school can raise a lot of money! Ask for more details.

## After School Enrichment Classes.

Ours have three goals: 1) To develop presentation skills and confidence in front of a group. 2) To hone math or reading skills (incorporated in many of our magic and circus tricks). 3) To have fun! We offer classes in magic, circus, comedy, and balloon sculpting. Classes are typically one hour weekly for eight weeks, and culminate with students putting on a family show. Students can also perform at school functions, adding a new dimension of entertainment to the event, and giving your students a chance to shine.

## Early Release Days.

What to do with students when you get them at noon instead of 3pm several days per year? We offer a variety of show/workshops that can entertain and teach new skills: Magic, circus, ventriloquism, puppets, balloons, and make a movie. Ask for more details.

"I really enjoyed the mathmagic presentation. Our goal was to get students interested in math and we did. We had 140. Feedback was very positive." Val Todaro, Lusher Elementary

## Curriculum Nights.

Math or reading night upcoming? Our show/workshop incorporates math or reading, providing a fun, educational evening for the whole family!

"I have never seen that group of kids so entertained and laughing so much. Thanks for the magic show at my daughter's party!" Julie Grieve

## In Service Workshops

Looking for a unique way to energize your teachers and provide them new tools to engage? Our in service workshop teaches your instructors simple, specially selected magic tricks to incorporate into their lesson plans. Tricks that engage attention, highlight key points, and make learning more interactive! We help teachers adapt the tricks to *their* content so they come away with several they are ready to use!

## Birthday Fund Raiser.

When your students invite us to provide entertainment at their birthday party, we'll contribute a portion of the proceeds to your school! With no effort on your part, you can raise a good amount of money for key projects.
