# Step 1 – Choose a Theme

## Coming up with a Good Theme

A theme unifies a party and makes it better. Magic in itself is a fine theme. Or you may choose to have a different theme. Themed parties are fun, unique, can be educational, interactive and even flexible/adaptable to small and/or large groups of children. A theme will help make your event that much better and more memorable.

## Start Early

Do you want to relieve a lot of stress? Start planning early! Make it fun. Brainstorm ideas with your child and come up with something everyone will enjoy. You can go with a commercial theme or a non-commercial theme.

## Commercial vs. Non-Commercial Themes

A big plus of a commercial theme is that you can take advantage of an established kid's favorite character and it's easy to find accessories, but it can get costly. The non-commercial requires a little more creativity, but it will help if you are on a tight budget.

## Themes on a Budget

Here are some great non-commercial themes that cost very little to put together and will hopefully get your creative side in gear:

### Welcome to Treasure Island!

ARRR! Pirate themed parties are always a big hit. There are so many possibilities with this theme and it's very easy to find supplies. Make fun message in a bottle invitations by saving plastic bottles and inserting a treasure map invitation inside with directions to your house and a big "X" marking the spot of the party. On the day of the party put a sign out front that says "Welcome to Treasure Island" and a big "X" on your front door letting visitors know that they have found the secret spot.

Activities can include a treasure hunt with loot bags, parrot piñata, eye patches, temporary tattoos, gold coin & ring around the sword tosses. And if you want to really go all out, have cannonball wars using black water balloons (just let parents know before the party).

For snacks, serve "Fish & Chips" (goldfish & potato chips mixed together) in giant seashells and/or pirate hats, pizzas can be decorated with sliced green peppers placed in the form of an "X." Turn hot dogs in buns into pirate ships by inserting wooden skewers into them with square pieces of paper attached to look like sails. Olives can be named "Cannon Balls." Wraps can be called "Sea Weed Wraps." Fruit bowls can be named "Pirate Jewels." For drinks serve root beer and bottled water in a big tub of ice calling them

“Pirate Beer & Sea Water.” As you can see, there are unlimited possibilities with a Pirate Theme. YO HO! LET’S GO!

## Jungle Party

Have a wildly good time by gathering all of the lions, tigers, and bears in the vicinity to throw your child a grrrrr-eat birthday party! For invitations, attach a card to a box of animal crackers and hand deliver to your guests. Or, you can create one that looks like a passport with “Africa” stamped inside the cover. For more themed settings you can use plastic safari hats, plastic binoculars, magnifying glasses and butterfly nets. Famished explorers can enjoy trail mix, gummy worms and bug juice. You can make cupcakes that resemble tigers by using orange mix with black swirls. Once again, the possibilities are limitless. WELCOME TO THE JUNGLE!

Superhero Party

## Step 2 - Choose a Date & Place

The sooner you start, the better for selecting when and where to have the party. If you wait too long you could find yourself competing with other birthday parties and if you want to have the event at an outside source, you might not be able to secure the location.

### Home vs. Outside Venue

If you're on a tight budget then the home is the best place to have the party. Below are some advantages and disadvantages for having an in-home party.

#### Advantages

Saves Money  
Convenient  
Can Set Up Early  
Most Needed Items in Home  
Always Available

#### Disadvantages

Space Limitation for Smaller Homes  
More Cleaning on the Front End  
More Cleaning After the Party  
Kids running around may create havoc  
May need to do more: decorating, games,...

Using an Outside Venue has Advantages and Disadvantages as well.

#### Advantages

No cleaning before or after!  
Don't have to worry about decorations  
Fun atmosphere!  
Saves time. Show up, leave, & you're done!  
Kids can run around & not mess up your house!

---

#### Disadvantages

Guests drive further than your home  
May need to open gifts at home  
If you forget something, will they have it?  
Can be challenging to secure date & time  
Can cost more

---

# Time is Important

If you're planning to feed everyone then have it around lunch or dinner time. If you don't want to feed the attendees a main course, then have the party mid-morning or mid-afternoon.

Serving food becomes an activity & takes away the time that you would have to spend entertaining guests!

## How Long Should the Party Be?

I recommend a shorter party for younger guests & a bit longer party for the older guests. If you plan a longer party, you will make it more difficult on yourself. Leave the guests wanting more!

Toddlers	1 – 1.5 hours
Preschoolers	1.5 – 2 hours
School Aged	1.75 – 2 hours

# Step 3 - Plan the Party

## Decorations

Here are some ideas on ways you can add a festive atmosphere to your party:

- Streamers – This is one of the least expensive ways to decorate.
- Balloons – These can be attached to a mailbox or a sign outside to let guests know where to find the party. They make great decorations and kids love to take them home. And while we are on the subject...

## Important Balloon Handling Tips

Here are some things to consider when you are shopping for balloons:

- For best results always have a professional inflate the balloons with helium. It's best to have a retail or party store handle it.
- Always pick up your balloons the day of the party! The fresher they are the better. **DON'T PICK THEM UP THE DAY BEFORE OR THEY MAY DEFLATE!**
- Some stores offer treated balloons that will hold the helium longer.

- Keep your balloons indoors until it's time to decorate. Balloons can lose their shine or even pop if they're put outside too soon.
- Ask the store to use a separate string to tie off the strings holding the balloons as close to the balloons as possible. This will save you from having to untangle them. This simple request can save you lots of time and aggravation. Which is the last thing you need on the day of the party!

## Food Tips

- Serve cupcakes if you want to save yourself the hassle of sloppy cake cutting and a messy cleanup. They are easy to make and are instantly ready to serve and eat. They can even be affordably purchased from your local grocery store saving you time.
- To simplify things, it's best to have bottled water or juice boxes in a cooler. If you want to make clean up a snap, use paper plates, napkins, plastic cups & utensils.
- Finger foods like pizzas, carrots, grapes and healthy chips are perfect for children. They are easy to serve, eat and are easily disposed. Hot dogs can be fun as well. Just cut the wieners along the sides and shape them into a person and boil it. The dog will grow arms and legs! Decorate with mustard or ketchup for eyes and mouth.
- Tacos in a bag are so much fun! Purchase individual small bags of your favorite taco chips. Cook hamburger or turkey meat & add taco seasoning. Put out all of the fixings like lettuce, tomatoes, cheese, salsa & sour cream. Let the kids mix everything in their taco chip bags & eat with a plastic fork. They're fun to munch on & require no plates!

## Games/Activities

Games can be helpful, especially if you are having a party in your home, or at a rented room somewhere. Here are some ideas to get your creative mind going:

**Balloon Relay Race.** Before the party, inflate about three balloons per child. Divide the guests into two teams. Each child runs to a pre-determined point, sits on their balloon, pops it and runs back to tag the next runner. The first team to pop one balloon per child wins the race. Be sure to have prizes for both the winners and the second place team. Do a re-run if the kids really enjoy it!

**Pin the Tail to the Dinosaur** - Why not update classic game, and pin a tail on a dinosaur. Just draw the parts yourself. How about Pin the Hat on the Magician?

**Pillow Art** - Have your guests decorate white pillow cases with color markers and sponge stamps. Everyone can draw on each other's case like signing a yearbook. You can make just about any shape by cutting out sponges. Dollar stores are a great place to purchase sponges.

**Water Balloon Toss** – Make sure parents know that their kids will be getting wet.

Don't forget about the classics- Duck Duck Goose, Musical Chairs, Limbo, Simon Says, Hot Potato Pass, Hide & Seek and Freeze Dance.

We suggest not over planning activities. Too many games and a stringent schedule can stifle children and prevent them from using their own creativity to have fun.

Rule of Thumb - If the kids are having fun, stick with that activity. When they seem to get bored, change it up!

## Step 4 - Decide Who's Coming

### How Many to Invite

Most birthday parties range anywhere from 10 to 20 kids. You want to have a good turnout for your child's party, but you probably don't want a huge number of rambunctious kids tearing up your home or rented facility either.

A good gauge is to expect 65-75% of the kids invited to attend the party. In other words, if you invite 20 children, on average, around 15 will show up. Make sure everyone RSVP's. The sooner you get the invitations out the more likely you are to have a good showing (See my Birthday Party Checklist).

### Invitations

Our birthday party vault has downloadable invitations you are welcome to use. If you have questions, just let us know. Or, of course, you can purchase invitations locally, online or you can make your own customized invitations.

Evite.com is a great online service that will allow you to design your own invitations. It's quick, easy and very efficient.

## Step 5 – Abra-Kid-Abra Birthday Party Checklist

The best way to climb a mountain is one step at a time. This is true with any large task that you take on...and planning a birthday party is no exception. When you requested additional information from us, one of our free gifts in our birthday party vault is our Birthday Party Checklist. Take care of the major things early like choosing a location, planning entertainment, choosing a theme. Remember, your child only turns this age once. Proper planning will eliminate stress and allow you to enjoy the party.

## Step 6 - Party Setup

If you followed the Birthday Party Checklist then setup should be a whiz! Charge all video and digital cameras the night before. In addition, make sure all memory cards have ample storage space. It wouldn't be a bad idea to have an extra memory card available as well. Ask friends to bring their cameras to the party. You don't want to miss any picture perfect moments.

Set up as much as possible the night before so you don't have to rush that day.

## Step 7- Party Time!

This is when all of your hard work pays off. You've planned out your party, and all you have to do now is tie up some loose ends and have a ball! Put any signs and/or balloons in the yard to let attendees know the location of the party. Make it stand out!

Get the drinks ready first. Remember to put them in a cooler before filling it with ice. It takes about thirty minutes for them to cool if they're packed properly. Any food you're going to serve can be set out fifteen minutes before the fun begins. Make sure you can locate the lighter.

In regards to clean up... GET HELP! Who better to ask than the kids at the party? Make a game out of it. Give prizes for the child who picks up the most trash. Be sure to have plenty of 30 gallon yard garbage bags available.

On last bit of advice, make sure to return anything rented or borrowed and get out thank you cards within 24 hours. Get this stuff out of the way ASAP so you can move on with your busy life and enjoy the wonderful memories you've created!
