

# Add Fun, Unique Camps to Your Line-up!

## 2018 Abra-Kid-Abra Summer Offerings

"Word is out that this is an awesome camp!"  
Des Peres parent

### Magic Camp (new tricks)

*Story Magic!*

- Demo how Houdini walks through a brick wall!
- Vanish a raft in the middle of the Bermuda Triangle!
- Use your magic to help David defeat Goliath!

Want to learn magic? And develop presentation skills & confidence before an audience? Then this camp is for you! Amaze family & friends with new, quick-to-learn tricks you bring home daily! Plus you'll learn balloon twisting, comedy routines, magic puzzles. You'll create your own stories to enhance your tricks. Put on a family show the last day! Ages 6-12. Full or half day.

### Circus Stars Camp

Walk on stilts! Ride a clown bicycle! Balance on a rolla bolla board! These are just a few of the exciting skills you'll learn in Circus Stars Camp! You'll learn juggling, plate spinning, clown acts, animal balloons, and much more! Plus we are introducing some brand new juggling and balancing skills this year! Camp culminates with the students performing an amazing circus for their family and friends! Ages 5-12. Full or half day.

"We have tried many sports classes that he did not enjoy. But this he truly liked!" St. Charles parent

"Jane had a great time! She could hardly wait for the next class each day." Pattonville parent

### Magical Mystery Camp

What do you get when you combine theater and magic into 1 camp? Introducing...Magical Mystery Camp! Your kids will learn new magic tricks each day, often treating their parents to a nightly show! Campers will weave their tricks into a mystery show, which they will create and perform the last day for their families! In learning magic, theater, and improv, your kids will develop their presentation skills and confidence—while having a lot of fun in the process! 6-12 yrs. Half or full day.

## Balloonatics Camp!

Calling all Balloonatics! Every day of this camp is an exciting balloon bash! Learn to create over 20 balloons animals, spin out with UFO balloons and make a balloon helicopter that really flies! Each day campers take home a different novelty balloon— racecar balloons, rocket balloons, and more! Camp concludes with the Balloonatics showing off their skills in a balloon twist jam for their families. Come join the fun in this unique, creative camp! Ages 6-12. Half day.

“My daughter is very quiet & shy. This was a good way for her to practice doing something in front of an audience.”

Rockwood parent

## Kids Comedy Camp (all new from last summer!)

Funny how much fun you can have when you're learning to be funny! Learn comedy by *doing* it at Kids Comedy Camp! You'll master the secrets of stand-up, sketch, and improv comedy. Take home a new gag each day— rubber chickens, squirt rings, gag glasses,...! At week's end you'll display your newly enhanced confidence, creativity, performance skills *and* sense of humor in a show for family and friends. Ages 6-14. Full or half day.

## ArithmaTricks Camp (New Tricks)

“He loved it! Now he wants to be a magician when he grows up!”

Godfrey, IL parent

- Make cards appear in an envelope on which someone is sitting!
- Make coins appear and disappear from your bare hands!
- Mind read the number someone is thinking of!

Learn these and many other magic tricks while honing your math skills. The tricks for this camp are math-based! You'll learn magic with money, cards, paper, and special magic props you'll take home. Students put on a show for their families the last day. Animal balloons, clown skits, and team building activities round out this fun camp. Goals are to build math skills, develop presentation skills and confidence, and to have fun! 6-12 years. Half or full day.

## Becoming a Human Calculator (New)

$42 \times 48 = ?$      $251 - 85 = ?$      $62 / 99 = ?$

What if your children could solve these problems instantly—in their head—faster than you can using a calculator! They will learn this and more in our new camp, Becoming a Human Calculator! Amidst the fun of learning math-based magic, your child will learn rapid calculation techniques for addition, subtraction, multiplication, and division. For additional variety, they'll also enjoy math puzzlers, math comedy, and math games. Each night they'll bring home new feats to show. The last day, students will participate in a lightning calculation demonstration. Goals are to learn rapid calculation tricks, develop presentation skills and confidence, and to have fun. Maybe someone will ask, as one sibling did, “Did he swallow a calculator?” 8-14 years. Half or full day.
